**NOTES:**

The unaudited condensed financial statements for the period ended 30 June 2024 are prepared in accordance with International Financial Reporting Standard and on the same basis as the accounting policies set out in the audited statutory financial statements for the year ended 31 December 2023.

On the 2nd February 2024, the Company completed the remaining acquisition of 9.7% of the shares of Soap and Allied Industries Ltd (SAIL), a manufacturer and distributor of laundry and beauty soaps, detergents and cosmetics as well as distributor of imported fast-moving consumer goods. SAIL is now a wholly owned subsidiary of the Company and part of the Group. The Group figures for quarter ended 30 June 2023 do not include SAIL figures while the Group figures for the period 31 December 2023 on the consolidated and Separate Statements of Financial Position are inclusive of SAIL and are comparable.

**RESULTS**

Our beverage segment delivered another quarter with strong volume growth. Additionally, our food manufacturing segment began to recover following the removal of the mandatory mark-up on our spreads and margarines. As a result, our Food and Beverage division had a strong performance during the quarter. Topline revenue growth further accelerated compared to prior year driven by the addition of new home and personal care categories, following the acquisition of Soap and Allied Ltd. in December 2023.

The performance during the second quarter helped to further improve our overall six months results. Group Revenue for the first 6-month period stood at Rs1.5 Billion, up by 45% compared to the same period prior year. This was mainly driven by double digit volume growth across all our core beverage categories and the new home and personal care segment. Gross profit margin increased by 3% and Group Net Profit after tax improved to Rs 24.0 Million for the first 6 months compared to a loss of Rs 10.4 Million prior year.

**PROSPECTS**

Despite a volatile global geopolitical environment, we remain optimistic about the months ahead. We have been and will most likely continue experiencing in the near future supply chain challenges, increased freight costs, foreign exchange fluctuations and the ongoing complexity to source key foreign currencies, which overall may impact our operations.
